

MISS ROSE FOX EXPECTED TO RETURN TOMORROW

Will Resume Her Place In Charge Of St. Bernard Hospital After A Vacation

Miss Rose Fox, who has since last November been enjoying a period of rest and recuperation at her father's home in Louisville, is expected to return to Earlington tomorrow to resume her position and duties as professional nurse in charge of St. Bernard Hospital. Miss Fox was born with long and arduous service in the autumn and tendered her resignation to George C. Atkinson, president of the St. Bernard Mining Co. Her resignation was not accepted but she was given indefinite leave of absence with request that she return when she had regained her strength and desired to resume her professional duties. With but one leave of absence of any length in the entire time, Miss Fox has filled her place here for some six years and her best of friends are delighted to know that she is again able and ready to take up her work. Miss Mary Meeks, who filled the place temporarily, returned Thursday to her home in Louisville, having served our people satisfactorily and made many friends while here.

ATTY. G. W. SYPERT ASKS ENDORSEMENT

Present County Attorney Addresses Card To Democratic Voters Of The County

To The Democrats Of Hopkins County:

I am again asking your support for the office I now hold. This is my first term in any county office. You nominated me before by more than half of the democratic vote, and in the regular election following I did the county ticket. I appreciated this more than I can tell and believed the best way to show my appreciation was by discharging the duties of the office faithfully and in a fearless and impartial manner. This I have tried to do. I have made some mistakes, of course. No man can hold this office and not make them.

It is a hard office to fill. However, I can truthfully say that my whole conduct in office has been guided solely by the one idea—to do what was best for the county's interest, and no other consideration has ever weighed against that interest when determining what course to pursue in any matter. Sometimes in following this course I have had to go against my friends, but I did not hesitate.

I promised when running before that I would come into the office "clean-handed, or not at all; that I would come in with no man's 'collar' on me, or not at all. I kept this promise, and I make the same promise again. I also promised I would do my duty if I never got another office. I believe I have done this, and will again make the same promise.

I have never been afraid to take a stand upon a public question, and I do not consider any man fit for a public office who is afraid. I have played no favorites, believing you put me in office to discharge the duties of the office for the benefit of the whole people of the county, and not for the benefit of any set or class. I have made enemies—no man can hold this office and not make some. And any man who does things is bound to make enemies. I know I have made enemies of some who wanted special favor shown them when I could not assist them and be true to my duties.

I have made other enemies by trying to take away some special favors which were against the county's interest. However, I cannot believe this will hurt me with the

honest voter. I have never attempted to "carry water on both shoulders." I can't do this, as I am not "built that way." There is never any uncertainty as to where I am, and when I tell you anything you may rely upon it. I believe an honest voter prefers a man who is outspoken, even they may differ on some questions, to one who will avoid an issue or try to "run with the hare and hold with the hounds."

It seems to me one of the most important duties of this office is to watch closely the expenditure of the county's money, and to oppose without hesitation any loose or extravagant methods that may be discovered. This I have done.

I have given up all other practice and devoted myself exclusively to the duties of the office, and will continue to do this should you see fit to give me the office again. I am better fitted for the office now than the first time, because of experience gained and a better knowledge of its duties. If I have been honest, faithful and fearless, it seems to me I am not seeking too much when I ask you to endorse me.

I used neither money nor whiskey in my first race to get votes, and will not this time, preferring defeat there over enough honest democrats in Hopkins county who will vote for the right man, if they know who he is, to nominate the right man.

My motto before was "not to win," and I am out to win again, and intend to devote my energy to this end. However, I have the duties of the office to attend to, and will attend to them, and cannot make a house-to-house canvass.

I want to thank those who supported me before and say I will again appreciate their support. For those who voted against me before I have never had any ill feeling, and will appreciate your vote now.

I haven't announced sooner because I think these county races should be confined within a shorter space of

time, and for the further reason I wanted to avoid any suspicion of trying to serve my own ends in working for economical and effective methods of expending the county's revenue.

I thank you very much for your confidence in me before, and assure you I will highly appreciate an endorsement. It has been the general democratic custom to give a man the second term where he has made a good officer, and, if I have made such an officer, I would hate to have you make an exception of me. Should you nominate another, I will feel badly, of course, but will accept your verdict without a murmur, and do all I can for his election, and for the election of the whole ticket.

Sincerely yours,
G. W. SYPERT.

COUNTY HIGH SCHOOL SUIT

Court Upholds Contentions Made by Attorney for Earlington School

DECISION AFFECTS ENTRANCE REQUIREMENTS

In Effect Decides That Pupils From Graded Schools Need Not Take County Examination

Suit, which was instituted in friendly spirit, by agreement, at September term of circuit court, to get decision on the merits of a claim for tuition earned by the Earlington Graded and High School during the year 1911-1912 was decided by Judge Gordon Tuesday favorably to the plaintiff. The Earlington School had been made one of the county high schools by action of the County Board of Education, through extension of the county high school contract to include Earlington, Dawson Springs and Hanson, as well as Madisonville. This extension was secured through the efforts of Paul M. Moore, then a member of the County Board, and friends of the movement, including the principals and superintendents of all the high schools in the county. The extension was granted in the summer of 1911. After the school work for the year was more than half over technicalities were raised as to the standing of the Earlington school under the agreement with the county board. And, when the account was presented for payment after close of the school, the county board voted against its payment. But, upon special plea by Mr. Moore, the county board voted to submit the issue to adjudication in friendly suit. C. J. Waddill was chosen attorney for the school and H. F. S. Bailey for the county board. A portion of the bill presented by Prof. Jenkins for the Dawson Springs school was also refused, on the ground that some of the pupils had not taken the examination for common school diploma before the County Board of Examiners and were therefore not entitled to county high school privileges.

The question of entrance requirements is decided by the court and is of especial interest to the people of Hopkins county. A portion of the account sued for by the Earlington School was for tuition for a number of pupils who had completed the graded school course here and were already doing satisfactory work in the high school branches before the Earlington school was made a county high school. It was contended on behalf of the County Board of Education that the County Superintendent had established a standard that all pupils must secure a common school diploma before entrance into a county high school could be attained. The contrary argument was that the law only required evidence that the common school course had been completed and that the fact of these pupils having completed the graded school course satisfactorily was sufficient evidence that they were prepared to do high school work. The court upheld the argument of Mr. Waddill on this point and allowed the whole account with interest from September 1912 until paid. An appeal was asked for and granted and the County Board of Education will probably take the case to the higher court for final decision.

Microbes in Your Scalp

Authorities say that a microbe causes baldness. If you are losing hair try our remedy at our risk.

Professor Unna, of Germany, and Dr. Schenck, the great French Dermatologist, claim that a microbe causes baldness, and their theory has been verified by eminent scientists. This microbe destroys the hair follicles, in time causing the scalp pores to close and the scalp to become shiny. Then, it is believed nothing will revive the growth. If treated before this occurs, baldness may be overcome.

We know of nothing that has given such universal satisfaction in treating the scalp and hair as Rexall "93" Hair Tonic. It has been designed after long study to overcome the cause of falling hair as discovered by Prof. Unna, Dr. Schenck and other scalp and hair specialists, and we believe it will do more than anything else can to remove dandruff and stop falling hair, and if any human agency can promote a new growth of hair it will do that, too.

We want you to make us prove it. We will pay for a month's treatment of Rexall "93" Hair Tonic used during a trial, if you will use it according to directions, and are not thoroughly satisfied. When we will do this, you surely should not hesitate to at least try it.

Start the treatment today. Your mere request will get your money back if you want it. Two sizes: 50c and \$1.00.

Sypert Asks People For Endorsement

Elsewhere will be seen the formal card of announcement of G. W. Sypert as a candidate for re-election for county attorney of Hopkins county, subject to the action of the democratic primary, August 23d.

Mr. Sypert is now filling his first term as county attorney, and asks the people for an endorsement of his official career.

During the time Mr. Sypert has been county attorney, he has been diligent at his post and painstaking and fearless in the discharge of his official duty.

He has taken a great interest in the effort to put the county in a good financial condition and to bring about a better and more economical system of working public roads.

Mr. Sypert won the nomination four years ago over good men by a flattering vote and his friends claim that he has met all reasonable expectations in the way he has handled the business of the office and feel that he should receive an endorsement.

That he will be a strong factor in the race is recognized.

This is the season of the year when mothers feel very much concerned over the frequent colds contracted by their children, and have abundant reason for it as every cold weakens the lungs, lowers the vitality and paves the way for the more serious diseases that so often follow. Chamberlain's Cough Remedy is famous for its cures and is pleasant and safe to take. For sale by All Dealers.

Closed On Account Of Scarlet Fever

The schools in Madisonville have closed for ten days on account of Scarlet fever. There are about ten cases in the city and the School Board thought best that they close for a time until it is perfectly safe and no danger of contagious.

BOWELS BAD, LIVER

TORPID CASCARETS

If constipated, bilious, headachy, stomach sour, take a Cascaret

You men and women who can't get feeling right—who have headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have back-ache and feel worn out.

Are you keeping your bowels clean with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets work while you sleep; cleanse and regulate the stomach removes the sour, indigestible and fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the intestines and bowels.

A Cascaret tonight will strengthen you out by morning—a 10 cent box from any drug store will keep your stomach sweet; liver and bowels regular and head clear for months. Don't forget the children. They love Cascarets because they taste good—to good—never gripe or sicken.

WEEK OLD BABY LEFT ON TRAIN

Found At Evansville

Evansville, Ind., Feb. 26.—A baby's cries emanating from a suit case led to the child's discovery on the L. & N. station Tuesday night. The child which is not more than five days old, is being held by Dr. and Mrs. B. S. Rose, until authorities make disposition of its case.

A young man got on the train at Henderson and left the grip. He jumped off the rear end as the train started. No one paid particular attention to the cheap-looking suit case until Evansville was reached. Then, the jolting incidental to the train's stop awoke the youngster, who at once made himself heard.

The little boy opened his blue eyes and made friends with the trainmen and traveling salesmen comprising the crowd. Dr. and Mrs. B. S. Rose were passing the station and took charge of the infant for the night. Dr. Rose says the child is not over a week old.

Samuel Dyer, brakeman on the train, says the young man who left the grip got on the train at Henderson. "Does this train go to Evansville he asked?" He was told it did. Then he went into the car, set the grip down, went to the back platform and jumped off. The trainmen, thinking he would return paid no attention.

Dyer describes the man as being 22 years old, 5 feet 7 inches tall, and weighing 130 pounds. He wore a dark suit and a slouch beaver hat.

RETIRED GEORGIA PLANTERS ADVICE TO KIDNEY SUFFERERS

Regarding the wonderful curative merits of your Swamp-Root, I cannot say too much. After suffering severely for three years or more with severe pains caused by weak kidneys, I was finally induced to try Swamp-Root through a testimonial I read in one of the newspapers. I was in such a condition that I was obliged to arise from my bed or eight times every night. I purchased a fifty-cent bottle and before it was used I felt so much relief that I purchased a one-dollar bottle and by the time this was taken the old pains had left my back and I could sleep the whole night through. I am a retired planter 71 years of age, and owing to Dr. Kilmer's Swamp-Root, I am in the best health and feel like a boy. I am always glad to recommend Swamp-Root to those who are in need of it.

Sincerely yours,

C. E. USSERY,

Bowersville, Ga.

Personally appeared before me, this 8th of September, 1909, C. E. USSERY, who subscribed the above statement and made oath that the same is a true substance and in fact.

Cause for Alarm

Loss of appetite or distress after eating a meal that should not be disregarded.

Do not wait until you feel that you are getting sick. Some of the most distressing and dangerous cases of indigestion, flatulence, and many other ailments, are caused by a disordered stomach. Nothing will cause more trouble than a disordered stomach, and many people contract serious maladies through disregard or abuse of the stomach.

We urge all who suffer from indigestion, or dyspepsia, to try Real Dyspepsia Tablets, with the understanding that we will refund the money paid us without question or formality, if after use you are not perfectly satisfied with results.

We recommend Real Dyspepsia Tablets to our customers every day, and have yet to hear of one who has not been benefited. We believe them to be without equal. They give prompt relief, aiding to neutralize acidity, stimulate flow of gastric juice, strengthen the digestive organs, and thus promote perfect nutrition and correct unhealthy symptoms. Three sizes, 25 cents, 50 cents, and \$1.

You can buy Real Dyspepsia Tablets in this community only at our store:
